

Infinite Falling in Amour - With Logic and Axioms of A Lifetime Forever

VectorStock

VectorStock.com/52052593

By Shomit Sirohi

For Slavoj Zizek, Alain Badiou, Mladen Dolar and Theorist Circle with Deleuze and A(II)

I. Politics, and then Love, Amour

In fact,

I am,

Still,

And the process,

Is

Infinite.

You're Lover,

In images.

II. Falling in a Swimming Pool, Seeing Through a Car

Women are all diving into a swimming pool,

Parents, Aldo Raine, Jamal Wallace, Michel and Malone,

With their wives,

Are talking about the kids,

I am in a car,
With another man,
We are passing by.

III. Quran

I write a poem,
All that believe,
Truly believe,
Coinage,
Is a metaphysical thing.
I am free,
A Philosopher.
Called a Prophet.
I also disagree,
We are all Arabic professors,
I teach more excellently,
So that teacher.

IV. Metaphysical Love and Politics – Freedom for Cuba and Algeria, China and Soviet Years in my Letter or Number process

In fact we should never meet,
All declare,
These days,
I claim,
Metaphysics,
Is women,
Being free.
I am walking towards a bus,
Or auto.
Always back and forth,

There are parallel worlds,
Time moves backwards,
Even elipses,
There is one world,
With many parallel women swerving.
And some women,
Talking in style.

V. Espionage Suits.

They just walk around,
Nomads,
But actually militants,
Following stars,
Calling them photographs,
Real detectives,
Laughing.

VI. Philosophy As asked by Althusser

All of this is my current topic,
Bracketing,
To keep doing that,
Like photos I meant,
Incubism with politics,
Future is ordained.
Althusser meets me in a house or university house I meant,
He is busy crying out,
You're a philosopher,
What made me think of that he meant,
I am in French performance,

Talking to Milner and Mariano,
We are just elliptical constellations,
Called a person, humanist.

VII. Pure Speed and Pure Bracketing

In fact,
Speed,
Sheer agility,
Black power is superman,
I am happy,
Bracket,
Like that Pissarro house I made,
By taking eyes to mean a camera,
Like a poem,
On letters,
Numbers,
A.

VIII. Jewish Lives These Days – For Isaiah, and Zionists, and Israel.

All busy talking,
Years after silence,
We are just the same people,
Hebrew is 87 levels of meaning,
In poems called Paragraphs,
Follow like Images,
Bracketing of course,
But also atoms,
Swerves,
Physics,

Fact.

IX. Pure Force – Trotsky but also Lenin

Insurrection,

Sheer force,

Militant lives,

Who could imagine,

The first Communism,

Distraught at the tragedy,

Pure,

Authentic,

Now all married.

X. All the Heroes – a Note on Priests, Ulama Khomeini, Nasr, and Javed

In fact,

The Pope,

Asks,

Is he in love,

Or a philosopher,

Life is endless,

Contemplation.

I mean also

Walking in a coat,

Please buy one,

For the next winter,

Insurrection,

Reflection,

Love.

Accion a distancia.
